

Are You a Female Motivated To Quit Smoking?

The University of Maryland School of Public Health is currently enrolling **adult female smokers** between the ages of 18 and 75 in a clinical research study to evaluate an investigational medication to stop smoking. Potential participants **must be smoking at least 10 cigarettes per day** and be in **good health**.

Qualified participants in this 19-week study will receive:

- study medication
- smoking cessation counseling
- study related items

Study participants will be compensated for time and travel.

If you are a female smoker motivated to quit smoking call

301-314-1323

This study is being sponsored by the National Institute on Drug Abuse.
